

**AMENDMENT TO 2014 U.S. BWC CBM RETURN**

The United States endeavors to make its annual BWC CBM returns complete, accurate and transparent. Pursuant to this goal, the U.S. Government (USG) continually works to improve the process by which information is assembled and reviewed for the CBM. When an error is discovered during this process, the USG will amend the relevant CBM return(s).

**ERRATUM:**

The National Animal Disease Center's 2014 entry on CBM A, part 2(iii) inadvertently omitted publications in answer to question 4(ix). The complete list of publications appears below.
